

CHARLES SCHNEIDER

GUEST BEDROOM # 2

For the up-to-date Castle guest, Rod Siddall, ASID, and Catleen Praamsma designed a breath-catching room of reflections and sensual textures. Through a mixture of styles, the furnishings and accessories in this room combine to provide contemporary drama—right down to the fabric “guest” seated in her chair

GUEST BATHROOM

The ASID Student Chapter of the Design Institute of San Diego gave the guest bath a face lift with fabrics and stencils, while keeping the bath’s original tile and fixtures. Now, the bath serves two quite different guest rooms with a style complementary to both
